

CONSTRUCTION & ENGINEERING SURVEYOR

Help shape the future through precision, collaboration, and innovation.

WHO WE ARE

Are you ready to take your career to new heights? At RM Surveys, we are not only 'The People Company of Spatial Expertise,' but also champions of professional development for every team member. Guided by our mantra, 'Build the Surveyor, Build the Business,' we are dedicated to fostering a strong team culture that supports individual growth and shared aspirations.

Our mission is to harness cutting-edge surveying techniques and innovative spatial solutions to shape the world around us. Through precision, collaboration, and community, we empower our team to turn visions into reality. Together, we create a workplace and community that value diversity, equity, and inclusion, celebrating the uniqueness of all individuals.

Join us as we embark on exciting new projects across the Perth area. RM Surveys is seeking a Construction Surveyor to help us shape a better tomorrow through the power of spatial expertise.

ABOUT THE ROLE

We're seeking a qualified Construction Surveyor to join our Construction & Engineering team.

In this role, you'll coordinate and oversee survey activities across a diverse range of projects, ensuring accuracy, safety, and excellence every step of the way. You'll collaborate with internal teams and clients to deliver high-quality spatial data that helps shape Perth's built environment.

KEY RESPONSIBILITIES

Project Management and Coordination

- > Coordinate and oversee survey activities to ensure alignment with project scopes and budgets.
- > Ensure data management procedures are followed for accessibility and compliance.
- > Provide technical advice and support to clients and internal teams.

Compliance with HSQE Standards

- > Adhere to all health, safety, quality, and environmental (HSQE) protocols.
- > Implement and maintain Safety Management Plans and project-specific SWMS.
- > Lead by example in promoting a strong safety culture.
- > Conduct toolbox meetings and participate in monthly department meetings.
- > Assist with occurrence investigations and ensure timely reporting.

Business Development

- > Maintain relationships with existing clients and identify new opportunities.
- > Document client interactions and provide feedback on market trends.

Operational Support

- > Follow departmental best-practice procedures and templates.
- > Support the Department Manager in aligning outputs with RM Surveys' Integrated Management System (IMS).

Equipment and Inventory Management

- > Ensure all equipment is in good working condition.
- > Report service requirements and assist with equipment calibration.

Administrative and Business Support

- > Complete timesheets accurately and on time.
- > Participate actively in performance and development reviews.
- > Contribute to maintaining consistent processes across the department.

ABOUT YOU

- > Recognised surveying qualification relevant to construction or engineering.
- > Previous experience within a Construction Surveying role.
- > Strong proficiency in surveying software and digital tools.
- > Proven commitment to safety and best-practice work methods.
- > Excellent communication and interpersonal skills.
- > Collaborative mindset and willingness to support team development.

DESIRABLE BUT NOT ESSENTIAL

- > Experience working on projects in regional or remote areas.
- > Exposure to major civil, infrastructure, or resources projects.
- > Current white card and driver's licence.

WHAT YOU CAN EXPECT

- > A collaborative and empowering culture built on trust
- > Personalised career development to support your professional growth
- > Flexible working options
- > Paid parental leave scheme
- > Employee assistance program
- > Paid community service leave
- > Free annual skin checks
- > PBF Australia Membership

At RM Surveys, we actively welcome applicants from all walks of life. We're committed to fostering a workplace that is inclusive, respectful, and representative of the communities we serve.
